INSTRUCTIONS:

1. Keep this calendar with your Bible. Mark each day that you read by crossing out or highlighting the date. Aim to read your Bible every day!
2. Read consecutively, beginning at Genesis 1. To complete the Bible in one year, read 23 chapters per week (3 chapters every weekday and 4 chapters every Saturday and Sunday). On the right hand table, mark or highlight each chapter after you read it.
3. After finishing a row of 23 chapters, put a mark in the corresponding checkbox (center column) to indicate completion.
4. Use the center column to monitor your progress by comparing the completed rows (chapters read) with the current week on the calendar. If you should happen to fall behind, then read an extra chapter per day until you catch up. (The Psalms are a good place to catch up or get ahead.)
5. When you complete your Annual Bible Reading Calendar, scan the QR Code above (https://east-is-east.org/blog-root/?page_id=1243) to download a current year version and read your Bible through again next year!
